#### NORTHERN MARIANA ISLANDS ASIAN AND PACIFIC ISLANDER HERITAGE MONTH ESSAY CON- TEST WINNERS

#### HON. GREGORIO KILILI CAMACHO SABLAN

OF THE NORTHERN MARIANA ISLANDS  
IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2021*

Mr. SABLAN. Madam Speaker, this year, I hosted the first-ever Asian and Pacific Islander Heritage Month Essay Contest for Northern Mariana Islands middle school and high school students. This contest gives students in my district the opportunity to showcase their writing skills and reflect on their unique experiences living in the Northern Mariana Islands. This year's essay prompt encouraged students to share how the Asian and Pacific Islander community has impacted them, and what the Marianas community can do to best celebrate and respect the diversity in our islands.

I would like to congratulate the 44 students who participated. A volunteer panel of judges reviewed the essays and chose Jia Ross Nicdao and Camille Torres Hocog as this year's winners of the middle school and high school division, respectively. Jia, an 8th grade student at Admiral Herbert G. Hopwood Middle School, wrote about her experience as a young Asian American in the Northern Mariana Islands. Camille, a sophomore at Marianas High School, wrote about diversity and unity.

I am proud to include in the RECORD the essays submitted by Jia and Camille:

Even though it is a small area, the Northern Marianas Islands are undeniably full of different cultures and traditions. Many ethnic groups, specifically Asian citizens and Pacific Islanders, proudly call the CNMI their home; they comprise more than 80 percent of Saipan's population. Whether you were born or migrated from a different country, we still thrive as a community to empower one another.

My parents immigrated to the CNMI for work and started a family here. My identity

as Asian American has been a little confusing. In the beginning, I felt as if I did not deserve to be a member of the Filipino community. I felt like my opinions and thoughts were invalid when discussing Filipino topics because I was raised away from the area of action and lived abroad. My different living situation made me feel as if I do not deserve the recognition Filipinos got. I struggled to find a label that I connected to, so I decided to research Filipino culture. At that moment was when I found out about the ethnic group that I was unknowingly part of, known as Asian Americans, who are Americans with Asian ancestry and/or children of immigrated parents. This community was something I finally related to. On the island, I never felt indifferent because of my ethnicity, which was opposite to my other feelings. I was surrounded by other Asians, so whenever I was around them, I felt like I belonged with them. I liked that I could relate with other Asian Americans through shared experiences; it gave me comfort. Most of the representation here in the CNMI has been positive. When I see members from this community succeed, it not only impacts the view and generalization for our community, but it also empowers me personally to strive for that success. It pushes me to fulfill the achievements that others succeeded in. It motivates me to become involved in that success and also positively represent the community. I am one of those community members, and I am proud to represent the Asian American Community.

I believe one of the best ways to respect and celebrate diversity in this community is by educating ourselves on each other's cultures. We can set an example for other communities to participate in Asian American and Pacific Islander appreciation month by first doing it within the community. Sharing about our experiences; getting to know each others' viewpoints is an expressive way to understand each others' lifestyles. Also, researching appropriate behaviors and mannerism is critical to be aware of when talking to other people from different countries; we should never offend anyone and be disrespectful. If we remove the negative energy between nationalities in the community, we can work together as one and spread love with other communities. Overall, being part of the Asian American and Pacific Islander community comes with many responsibilities, so being one with each other will help us all accomplish many goals.

HIGH SCHOOL WINNER, CAMILLE TORRES HOCOG, MARIANAS HIGH SCHOOL, SOPHOMORE

The Northern Mariana Islands; an archipelago of islands in the middle of the Pacific Ocean. Despite our small and rather remote location, an abundance of cultures within the Asian and Pacific Islander community reside here. Descendants from all around the Asian-Pacific region call our islands home.

As a young Chamorro woman who is indigenous to these islands, this place means a significant amount to me. I take great pride in my roots and where I come from, for it is a source of my values, confidence, goals, and morals. But there's one thing about my Chamorro identity that has always stuck out to me; I am a result of the perseverance of my people. Among the Pacific Islands, the Marianas has the longest history of colonialism. To this day, we are still experiencing its lasting effects. As I grow and learn even more about my heritage, the more I have an understanding of who I am in this world. Each moment of understanding reminds me that because of my ancestor's resilience, I want to live my life in fulfilling ways that would make them and my islands proud today.

Being from the islands also means connecting and building friendships with people

of different cultures, majority of them being from within the API community. Reflecting on these friendships made me realize how truly broad the term "API" is, almost like it's a bigger picture. Despite all of us being boxed into this term, looking a bit closer and seeing the great amount of cultural diversity within this group makes you realize how beautifully inclusive it is. Without a doubt, there is a wealth of culture within the Asian-Pacific region, and it's absolutely evident here in the Marianas. Being able to share our cultural stories, arts, and experiences with each other is, in my opinion, the best way to celebrate our similarities and differences this month.

One unforgettable experience in regards to the sharing of my culture would be in 2016, where I went on a student exchange trip to Japan. I was in 6th grade at the time. For a couple of days, I stayed with a host family of four; one mom, one dad, one daughter, and one younger son. The mom was the only one who spoke English. I remember they'd take me to different places around their hometown, such as restaurants, the park, and different Japanese sites. With them, I was able to experience firsthand what it was like to live in a Japanese household.

One morning before the daughter had to go to school, she asked me to teach her some Chamorro words so that she could show them to her friends. I taught her a few simple phrases such as "Hafa Adai" and "Buenas Dias". Her mom translated for us, and she was able to write down these words on a notepad and take it with her to school.

Having that experience at such a young age shaped the way I see culture today. It showed me that simply sharing our parts of the world and understanding each other's background is, again, the best way to celebrate our cultural diversities.

As we all know, May is a special month for us Asian and Pacific Islanders. It's a month for us to celebrate our achievements, contributions, and our heritage. It's an occasion where many within the community open up about their experiences being Asian and/or Pacific Islander. Whether it be about the struggles or moments of contentment, it would be the time to listen to and grasp onto our words. Despite this month being named API Heritage Month, we shall continue to listen to and uplift each other's voices even after May ends. All throughout time, we will celebrate diversity and unity. Thank you for reading.

### HON. MICHAEL R. TURNER

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2021*

Mr. TURNER. Madam Speaker, I am honored to pay tribute to a respected community leader and trusted friend from my congressional district, Philip L. Parker, for his outstanding leadership and service to the business community and the Greater Dayton, Ohio region.

Phil Parker became president and CEO of the Dayton Area Chamber of Commerce on April 29, 1994 and retired on July 31, 2020. Before joining the Chamber, Phil was Executive Director of the Home Builders Association of Dayton and the Miami Valley.

For nearly a half-century, Phil has worked to make the Miami Valley a better place to live, work, and raise a family. When I served as mayor of the city of Dayton, and throughout my time in Congress, Phil and I worked together on many issues and community projects to advance our shared goals of promoting economic and job growth throughout Southwest Ohio.

During his 26-year tenure as president and CEO of the Dayton Area Chamber of Commerce, Phil directed one of the 25 largest Chambers of Commerce in the nation. He oversaw the implementation of numerous transportation initiatives, such as the development of Austin Boulevard and much-needed improvements of U.S. Route 35 and I-70. Under his leadership, the Dayton Area Chamber was consistently recognized as one of the very best in the nation. In 1998, the Dayton Chamber was named Chamber of the Year by the Association of Chamber of Commerce Executives.

Phil has been actively involved as a local, regional, state, and national volunteer, serving more than 500 volunteer hours a year over nearly 46 years. The generous amounts of time and energy he has contributed to a variety of volunteer and civic organizations, including the Greater Dayton Jaycees, the United Way, and the American Red Cross, have benefited our entire community.

Phil has served on more than 50 boards over the years and currently sits on a dozen local boards including Greene Memorial Hospital, Soin Medical Center, Kettering College, and is a member of the Dayton Rotary Club.

Madam Speaker, I appreciate this opportunity to extend my heartfelt congratulations to Phil Parker as he celebrates his retirement. I ask my colleagues to join me in thanking a truly outstanding citizen for his lifetime of service to the people of Southwest Ohio.

### INTRODUCTION OF THE DISTRICT OF COLUMBIA FEDERAL OFFICIALS RESIDENCY REQUIREMENT EQUALITY ACT

### HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2021*

Ms. NORTON. Madam Speaker, today, I introduce the District of Columbia Federal Officials Residency Requirement Equality Act, which would require certain federal officials who serve the District of Columbia to live within its boundaries. In nearly every other jurisdiction in the United States, federal district court judges, federal circuit court judges, U.S. Attorneys, U.S. Marshals and federal court clerks are required by federal law to reside within the jurisdictions where they have been appointed—but these same officials appointed to serve only the people of the District are not bound by this same requirement. Even in the territories, such officials are required to live in those jurisdictions, other than the U.S. Attorney and U.S. Marshal appointed for the Northern Mariana Islands who at the same time are serving in the same capacity in another jurisdiction. The only other exceptions exist for such officials appointed to the Southern District of New York and the Eastern District of New York, which are the only districts that serve different parts of the same city. My bill would put the District on equal footing with almost every other jurisdiction by ensuring that our federal judges, U.S. Marshals, U.S. Attorney and federal clerk live among the residents they have been appointed to serve, in keeping with the federal law that applies elsewhere in the United States.

The requirement that these federal officials live in the jurisdictions they serve is significantly related to knowledge of the effect of their decisions, an important reason the residency requirement is enshrined in federal law. As stated in the official commentary to the Code of Conduct for United States Judges, "a judge should not become isolated from the society in which the judge lives." The same holds true for other federal officials. My bill recognizes that the District deserves federal officials with the same understanding and links to the community as Congress has seen fit to require for federal officials in other jurisdictions.

I urge my colleagues to support this bill.

### HONORING SAM HOUSTON STATE UNIVERSITY'S ACHIEVEMENT OF ITS 1ST FCS CHAMPIONSHIP

### HON. KEVIN BRADY

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, June 8, 2021*

Mr. BRADY. Madam Speaker, I rise today to recognize the Sam Houston State Bearkats and their first NCAA FCS title in program history.

Throughout the season, the team faced countless unprecedented challenges. Due to the COVID-19 pandemic, the FCS football season was moved to Spring 2021. Additionally, following the February Winter Freeze, players and coaches used feed shovels to clear snow off the field for practice. Meanwhile, due to renovations to the football facilities, the Sam Houston St. players were without locker room and shower facilities.

Despite the season's difficulties, Sam Houston State's resilience made the year one that will not be soon forgotten. The Bearkats finished their regular season undefeated with a 10-0 record. The team clinched its eighth Southland Conference championship. Additionally, coach K.C. Keeler won the Southland Conference Coach of the Year. With such a successful regular season, the Bearkats entered the postseason with momentum and with the No. 2 seed in the FCS playoffs.

After defeating Monmouth, South Dakota St., and James Madison, the Bearkats secured their place in the FCS title game. The 2021 FCS Championship Game, played in
